

## We can help every step of the way!

### Health Regulatory

Our team of healthcare specialists offer health sector clients unparalleled advice. We understand the nuances of regulations at the provincial and federal level and work with our clients on solutions that comply with all requirements. We know that even the smallest changes in regulatory policy can have implications across your organization. Our skilled team of specialists who are experts in health care law can anticipate and manage the full spectrum of regulatory, funding and accountability frameworks.

### Corporate Structuring and Finance

Our flexible legal solutions are designed to provide your business with strong business structure for growth. We can provide you with the advice you need to fund your business, while protecting your investment, at every stage of your business growth, from structuring your initial founder shares, through to your public listing or exit.

### Intellectual Property

BLG boasts one of the strongest intellectual property groups in the country, and our professionals provide advice on the development, protection, exploitation and use of the intellectual property, trademarks, and information technology.

### Labour & Employment

BLG has a national, full-service labour and employment practice offering a complete suite of services ranging from the legal impacts of proposed workplace changes to labour and employment disputes.

### Tax

Our seasoned tax professionals can provide you with advice and assistance in domestic and international transactions. We offer specialized services in corporate tax and estate planning and advise clients on their domestic and international transactions.

### Data Protection, Cybersecurity, and Privacy

BLG lawyers have extensive expertise and experience in cyber risk management and compliance with personal health information, privacy & data protection laws. We can develop pre-determined, written incident response plans—including various protocols and guidelines—for rapid, lawful, and effective responses to any type of cybersecurity incident.
